### **Mission Statement**

The Fresno County Office of Education supports strong academic programs, career technical education, and the arts as we work to create a culture rich society where the whole child is important. FCOE will continue to provide support to meet the challenges of the 21st Century and help our students become successful in the new global economy.

### **District Profile**

County offices of education are the intermediate level of the public education system in California. Serving 34 school districts and more than 190,000 students, FCOE has a legislative mandate to ensure that school districts remain fiscally solvent and in compliance with state and federal laws. Moreover, county offices serve as a safety net for students with special needs, offering direct services for migrant, special education, and court and community schools students.
