1 Elementary School

Enrollment 380

Buttonwillow School fosters a positive learning environment, mainly through the individual attention afforded students through small class size, dedicated faculty, bilingual instructional aide staff, cooperative parents, and a caring community.

Buttonwillow School strives to provide students with the advantages that are common to small schools. The school provides small class sizes from kindergarten through eighth grade. The school wide class size average is 20.63 students which allows teachers to give more time and attention to students to meet their individual needs. Through categorical program funding, the school has on staff seven bilingual instructional aides to assist teachers and support students in the classroom. Two additional aides work part-time to assist with campus supervision during the busy lunch periods.
