4 Elementary Schools  
Enrollment 1906

### Profile

Central Union School District is made up of four elementary schools and is located in Central California's San Joaquin Valley. We are about forty five minutes south of Fresno. There are four schools in our district. All four are California Distinguished Schools. Our two schools located on the Naval Air Station, are National Blue Ribbon Schools. We have approximately 1906 students enrolled in all four schools. The Central Union School District has two federal facilities within its boundaries: The Santa Rosa Rancheria and the Lemoore Naval Air Station.

Leadership in Central School District is provided by a seven member board. Board members take an active part in the education of all Central children.

Central is very proud of its technology program. Classrooms have an average of 3 computers in each room and many classrooms have mini labs with 6-10 computers. The District maintains ten (10) Macintosh OS X Servers and two (2) Macintosh OS X Database Server. These servers provide student and administration access to data on the network, as well as providing access to the Internet via the Wireless WAN connection.

**We are small in size but large in education, commitment, and success.**
