1 Elementary School  
Enrollment 86

### **Mission Statement**

The administrative, certificated and classified employees of the Delta View District-wide Community Charter, hereafter referred to as The Charter, will provide a team environment that will foster confidence in the students' ability to interact academically and socially within the community.

The Charter will maintain a traditional small school atmosphere while promoting high expectations in a safe environment. The areas of focus will be academics, social relationships, behavior, ethics, and physical well-being.

In using the combined efforts of the staff, school board, parents and the community, the students will be given opportunities to make responsible decisions, respect the rights of others, solve problems, set goals, and establish objectives for reaching those goals. It is The Charter's goal that each student becomes a life-long learner and a productive citizen.

The staff and administration at Delta View Charter School are committed to providing the best education possible to our students. Our primary goal is to focus on learning and achievement. We are dedicated to offering a curriculum in which all students will experience academic growth and success. We want each student to develop the knowledge, skills and character necessary to succeed. We encourage our parents and community members to join us in preparing our students for the future.

### **Community & School Profile**

Hanford, incorporated in 1891, is the residential, industrial and commercial center of Kings County. Hanford occupies approximately 13.15 square miles and is located in the San Joaquin Valley, the most productive agricultural region in the world. Delta View Charter School is the only school in the Delta View Joint Union School District. During the 2005-06 school year, the school had an enrollment of 86 students in grades kindergarten through eight.
