Mission Statement

Our District is committed to the goal of achieving academic excellence through a program of instruction which offers each child and opportunity to develop the maximum of his or her individual capacities.

Lemoore Union Elementary School District's educational mission is to provide each student with the skills necessary to participate and function effectively in society.

The District is committed to the goal of achieving academic excellence through a program of instruction, which offers each child an opportunity to develop to the maximum of his/her individual capabilities.

The District's primary focus is on reading, writing, and mathematics curriculum. We believe that student achievement in these areas provides the greatest foundation for success in other courses of study.

The District's certificated and support staff is dedicated to the goal of providing for the 21st century education to all children in the schools of the district.
