1 Elementary School

Enrollment 76

**Mission Statement**

**District Profile**

Plainsburg Elementary School is the best kept secret in Merced County. Our students, parents and staff are the best. Our class sizes are small and opportunities to learn are limitless. We have visited salmon hatcheries and cheese factories. We have stayed at Sutter's Fort and have visited the Monterey Bay Aquarium. We have competed with the top High Schools and Elementary Schools in the San Francisco Bay Area for "Physics Day". We always win awards at Writing Festivals. Our eighth graders learn Algebra and Geometry. Our science fairs are some of the best. We don't have gangs. We don't do drugs. I haven't had a fight on campus since I have been superintendent. And, on the last day of school, we load the entire school on a bus and go roller skating.
