1 Elementary School
Enrollment 27

Vision Statement

The Bradley Union School District vision is to prepare our diverse students to meet or exceed state standards, teach the skills to inspire students to become life-long learners, and support them in success in higher education, employment, and citizenship in partnership with students, families, teachers, and the community.

Mission Statement

Our school wide educational program will prepare our diverse students to meet or exceed state standards, teach the skills to inspire students to become life-long learners, and support them in success in higher education, employment, and citizenship in partnership with students, families, teachers, and the community.

Location

The Bradley Union School District is located at the southern end of Monterey County. It geographically covers a large area from San Miguel and Camp Roberts to Lake San Antonio. The main school house was constructed in the early 1900's with an addition in 1940. There is still a teacherage on the property. The site also includes a separate classroom for the intermediate class added on in 2000, a library added on in late 1999, and a community hall for assemblies, awards and community events.

The district is a K-8 district serving between 20-45 students a year. Small class sizes, three full-time teachers and an instructional aide give students vast opportunities for individualized instruction and success. The district utilizes state adopted curriculum and is in the process of aligning benchmark assessments with the California State Content Standards. The district is equipped with modern technology facilities including a digital video conferencing system, high speed internet services and computer availability for almost every student.

The Bradley Bulldogs compete with other south Monterey County school districts in a wide variety of sports. Students attend several educational field trips a year. This past year the students had the opportunity to attend science camp, California Polytechnic State University, Vandenberg Air Force Base, the Melodrama, Morro Bay Colonial Ships, and a hay ride through a pumpkin patch.
