

Allensworth Elementary School District
HC 1 Box 136
3320 Young Road
Allensworth, CA 93219
(661) 849-2401
Web Site: <http://www.allensworthesd.org/>

1 Elementary School
K-8 Enrollment 104

Profile

Allensworth is located at the southern end of Tulare County. It is about forty-eight miles south of Visalia, and forty-eight miles north of Bakersfield. The district has an enrollment of 104 K-8 students for the 2007-2008 school year as indicated by the 2007 CBEDS. Ten of these students were inter-district transfers from neighboring schools.

School Mission

“We will provide the best education possible to all students in a safe and effective environment”

We envision a system in which all students perform at their maximum potential, where differences of language, culture, economics, and abilities are celebrated and become sources of strength for our students. The system is designed to be successful due to the fact that people, parents, and the community work together to plan and to implement high quality education programs. A system that does whatever it takes to assure that every student is actively engaged in learning in school and throughout a productive lifetime. Our system will accomplish what the public demands and deserves; students who have mastered basic and expanded curricula and who are actively engaged as productive citizens.

Alpaugh Unified School District

1 Elementary School
1 Junior/Senior High School
1 Continuation School
K-12 Enrollment 340

Profile

Welcome to Alpaugh Elementary School, where we have made huge strides toward improving student achievement. In the 2005–2006 school year our Academic Performance Index (API) rose 80 points. This was the result of hard work and determination on the part of the staff and students. This improvement is also due to the intensive teacher training in basic instruction techniques that the district provided. Staff development also emphasized better planning, teaching to the California Content Standards, using the Edusoft data management program to develop assessment tests, and placing students in core groups that rotated among teachers who were specifically trained in either language arts or math.

The district made several key hires this year. We have a new superintendent who has a successful background in the area of school improvement. The district also hired a curriculum and instruction director to help with the learning process and data analysis. This individual also served as an instructional coach.

Parents and community members are an important part of our students' educational plans, and your participation on our campus is greatly appreciated. The Alpaugh Elementary School staff looks forward to working with you and our students on a new year of academic success.

Major Achievements

- Our API increased from 497 points to 577 points in 2005–2006. We are implementing programs and practices to significantly improve student test scores again this year. The students have responded well, and there has been a dramatic and positive shift in school climate.
- The Tulare County Office of Education assisted our staff in creating a school improvement plan that is serving as a template for the current school year. We have also hired Gail Robinette and Associates to provide additional support, training, and analysis of Alpaugh Elementary.
- We continue to offer students after-school tutorial programs to assist them in core subject areas.

Alta Vista Elementary School District

2293 East Crabtree Avenue

Porterville, CA 93257

(559) 782-5700

Web Site: www.alta-vista.k12.ca.us

1 Elementary Schools
K-8 Enrollment 518

Profile

Alta Vista School was founded in 1910. The school is in Porterville, CA. The land where the school is located was part of the Tule River Indian Reservation, originally established in 1857. Indians from a widespread area were brought here. The natives of this vicinity were the Koyeti Tribe toward the west, and the Yaudanchi Tribe toward the east. Both were branches of the Yokuts Indians that occupied the San Joaquin Valley. The Tule Indian Reservation was moved to its present location 10 miles South-East in 1873.

Mission Statement

Alta Vista puts forth its personal best to foster community-wide literacy, academic success, character development, community involvement and life long learning.

School Priorities

Alta Vista puts forth its personal best to foster community-wide literacy, academic success, character development, community involvement and life long learning.

Location is one of Tulare’s best assets. The city is situated in the Central San Joaquin Valley along Highway 99, 45 miles south of Fresno and 60 miles north of Bakersfield. Our mid-state location benefits businesses needing same-day access to key California markets as well as residents seeking recreational opportunities in the beautiful Sierra Nevada Mountains to the east and the spectacular California coastline to the west.

Agriculture remains the lifeblood of the local economy and Tulare sits in the heart of some of the most productive farmland in the world. The strategic location makes Tulare very attractive to food processors and distributors because of the central location and abundant supply of locally grown products.

1 Middle School
1 K-12 School
K-12 Enrollment 3,379

Profile

Welcome to the Burton School District! Located in Porterville, in the heart of California's San Joaquin Valley, we are comprised of six schools: Burton Elementary School, Oak Grove Elementary School, Buckley Elementary (a 2002 Distinguished School), Jim Maples Academy, Burton Middle School, and our newest campus, Summit Charter Academy, which opened its doors in August, 2005.

The Burton School District is located on the west side of Porterville (population 44,496) in rural Tulare County, the heart of the San Joaquin Valley. We serve approximately 3,350 students in grades K-8. Our students are a very diverse group, approximating 49% Hispanic, 42% White, 4% Filipino, 3% Asian, and 2% Black, American Indian, or Pacific Islander. More detailed information is available in the latest Burton School District Report to the Community, as well as in the School Accountability Report Cards found on each school's website

Mission

The Burton School District is to be a place where students feel safe and welcome; where students are enthusiastic about their academic responsibilities; where students are actively involved not only in their studies but in those activities designed to enrich their lives and to encourage participation in the adult world. The Burton School District is to be a place where excellence is stressed, both in academics as well as in all aspects of life. In our district, each student is recognized as a special person who can make valuable contribution to our future world

(661) 725-8501

Web Site: <http://www.tcoe.org/Districts/Columbine.shtm>

1 Elementary School
K-8 Enrollment 199

Profile

Columbine School, a district, is located approximately four miles northeast of Delano in rural southern Tulare county in the San Joaquin Valley. Delano's current population is approximately 49,000 people. Columbine had 199 students Kindergarten through eighth grade. The student body is composed of approximately 69% Hispanic, 20% White, 6% Asian, 3.5% Filipino, and 1.5% African American. There are 40 students attending Columbine that reside in the district. The other 159 students attend the school with inter-district agreements from Delano, Earlimart, Richgrove, and Pixley. 37% of the students in grades 2-8 are in the socio-economically disadvantaged category. 5% of these students are English language learners and 1% of them have a learning disability.

District Profile

We, the Columbine School District, believe that all students can be successful and should become caring, productive members of society. We strive to create a desire for life long learning in all of our pupils.

Enormous effort is extended by our staff and community to provide a safe and caring environment. In order to provide this atmosphere, students must keep their behavior within limits and show respect for others.

Profile

The Cutler-Orosi Joint Unified School District expects each and every student to meet all State Curriculum Standards and graduate with a High School Diploma. In order to meet this goal we need to work together to meet our district mission of “working together to develop character and academic excellence in a safe, supportive environment.” The Formula For Success takes into account the most up-to-date research and information on what it takes to get all students to achieve and meet their highest potential. As a district, we believe in continuous improvement. We have take the following steps to assure that we are providing every student with the greatest opportunity to learn:

- 1. Collaboration** – We believe that by working together and sharing ideas on how to improve instruction, we can be more effective. We have set aside every Wednesday morning throughout the school year for teachers to meet, review achievement data, and discuss ways to improve student learning.
- 2. Use of Data** – We believe that regular assessment of student learning can provide us with insight to ways to improve that learning. We use a data management system that permits each teacher, grade level and school to review student achievement and monitor improvement over time.
- 3. Assessment** – We believe that by regular assessment of student learning we can determine whether our programs and instruction are supporting student learning. We have established specific student achievement goals that are monitored each month to improve instruction to meet individual student learning.

Dinuba Unified School District

K-12 Enrollment 5,746

Profile

The Dinuba Unified School District consists of five elementary schools that serve grades K - 5, one sixth grade academy, one intermediate school, one high school, an alternative high school, an adult school and an adult independent study program for a total of approximately 5700 students. Four of the school sites have been awarded the title of California Distinguished School by the State of California Department of Education. They are Lincoln and Jefferson Elementary Schools, Dinuba High School and Sierra Vista Continuation School. Community and staff are dedicated and committed to excellence in education and working to meet the diverse needs of all students. Dinuba schools are safe, uncrowded, and their quality is high. This is an advantage that truly benefits everyone.

Parents participate actively in district committees, parent-teacher organizations, fund raising activities and volunteer programs. School Based Coordinated Programs (SBCP), School Improvement Programs (SIP), Gifted and Talented Education (GATE), Special Education, Performing Arts, Science and Conservation (SCICON), Regional Occupation Program (TCOVE), and Migrant Education are among the programs available within the district. The district offers after-school and summer programs for both intervention and enrichment purposes.

Mission Statement

Empowering each student to succeed in life.

Vision Statement

Students grow in capacity to think critically, accept change, and solve problems through real world applications in our complex society.

Students develop and fulfill a meaningful personalized learning plan that is supported by parents and the community. Caring and committed educators serve to guide and help motivate students to accomplish their unique potential. In this environment students achieve at the highest levels in academics, activities, arts, and athletics.

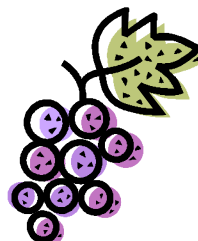

Serving a vibrant, diverse community, we value and invest in lifelong success for all. Students exhibit ethical characteristics and become contributing citizens that connect and unite a global society.

K-8 Enrollment 2,015

Profile

Welcome to Earlimart School District. We are located in the Southern Tulare County, with four schools serving the surrounding area with classes for children from grades K through 8th.

Earlimart Elementary School District educates approximately 2,015 students at three schools (Earlimart Elementary, K-2, Alila Intermediate, 3-5, Earlimart Middle School, 6-8), and the Earlimart Community Day School. The District returned to a semi-traditional single-track calendar for the 2001/02 school year with the opening of the new Alila Intermediate School site.

Mission

The Earlimart School District believes that developing full literacy is the right of every student and the responsibility of every educator. It is our mission to guarantee that every one of our students develops, and sustains, superior literacy skills that will allow her/him to reach full potential and become a successful contributing member of a global society

Vision

Every student will be able to:

- Read with skill, proficiency and understanding and will be able to effectively analyze, interpret and apply the information gained through reading in a variety of situations.
- Use reading for enjoyment and pleasure, as well as to gain knowledge and information.
- Effectively and creatively use writing to express themselves in a number of genres, formats and situations.
- Use and understand oral language in proficient and dynamic manner and develop strong listening skills.

Profile

In Exeter Public Schools, we are dedicated to academic excellence and equality in education. A rapidly changing world, higher academic standards partnered with greater accountability, and increased demands for greater technological skills require that we continually change and grow. However, one thing remains unchanged: our commitment to deliver rigorous educational programs within a supportive environment that promotes the academic, physical, personal, and social growth of each student. High quality, caring teachers and staff, a supportive community, and leaders who plan for the future still make a positive difference in the lives of our students. As Superintendent of the Exeter Union and Exeter Union High School Districts, it is my charge to guarantee that the Districts remain centered on quality education and services to our students and community. We are making significant progress; however, we must continue to improve in order to meet our expectations and the expectations of our community. We understand the importance of planning, inquiry, and futuristic thinking.

Farmersville Unified School District

Mission Statement

Farmersville Unified School District is committed to improving education through the use of technology. It is the intent of Farmersville Unified School District to make technologies an integral part of the District's curriculum and operations. The District will ensure that tools of technology become an expected and routine part of the education of our students, staff, parents and the community.

Hope Elementary School District

613 West Teapot Dome Avenue

Porterville, CA 93257

(559) 784-1064

Web Site: <http://www.tcoe.org/Districts/Hope.shtm>

1 Elementary School

K-8 Enrollment 144

Profile

Hope Elementary School is located in southeastern Tulare County near Porterville, with six teachers employed to serve 140 students in Kindergarten through eighth grade. Although our school is located in an agricultural setting, less than half of the families are employed in agriculture. Our enrollment continues to steadily increase and our current demographic makeup is 54% Hispanic or Latino background, 40% Caucasian, and 6% other ethnic background. 58% of our student population is considered to be socio-economically disadvantaged and 41% are currently receiving free or reduced lunch meals.

Hope Elementary School represents a long tradition of excellence in education dating back to 1892. Several generational families have been educated at our school and graduates remain active in our school community for many years to follow. Our eighth grade graduates typically attend Porterville High School. Due to the long-term successful learning relationships established with our staff while attending Hope, we enjoy continued association with these students during their high school and college years, and beyond.

Hope Elementary School offers a comprehensive, standards-based curriculum, promotes extracurricular activity and enrichment, and hosts an after school program geared at fostering good character and social skills, while strengthening academic abilities. Our school is pleased to offer an exceptional music program and a competitive sports program.

Mission

The purpose of education at Hope Elementary School is to provide a system of educational opportunities through involvement, relevance and thinking skills. Students are equipped to be lifelong learners, self-motivated and successful.

Our small size provides a family atmosphere between students and staff, with a climate of care and concern carried throughout the Hope School experience.

Hot Springs Elementary School District

P.O. Box 38,

Mountain Road 56

40505 Hot Springs Road

California Hot Springs, CA 93207-0038

(661) 548-6544

Web Site: <http://www.hotspringsschool.org/>

2 Elementary Schools

K-8 Enrollment 25

Profile

Hot Springs School is located 32 miles southeast of Porterville and 63 miles northeast of Bakersfield. At an elevation of 3,500 feet, just below the Sequoia Tree Monument's western boundary, Hot Springs School is a rural school with a student population of 25. The vision of Hot Springs School is to make steady, sustained progress toward academic excellence. We teach to build foundations for future learning and academic growth. While our primary function is to academically educate, we also would like to equip our students with moral and emotional stability and integrity with a stimulated interest in education and world around. Hot Springs School uses a child-centered, self-motivating approach to create active learners. Due to our small student to staff ratio, our district is able to provide "individualized program instruction" for every student. Thereby enabling every student to progress at his or her own individual rate. (i.e.-a 4th grade student may be able to work at a 5th grade level at any particular subject). A high value is placed on enhancing a child's positive self-image and development of self-discipline and self-motivation.

Kings River Union Elementary School District

3961 Avenue 400
Kingsburg, CA 93631
(559) 897-7209

Web Site: <http://www.kings-river.k12.ca.us/>

1 Elementary School
K-8 Enrollment 525

School Mission

It is the mission of Kings River Elementary School, in partnership with parents/guardians and the community, to empower each child to achieve his/her fullest potential in becoming a lifelong learner and a responsible citizen. We are committed to fostering high standards of student performance and promoting positive attitudes to achieving equity and excellence in a safe and nurturing environment

School Vision

Kings River School will provide a challenging curriculum in language arts and math where all students will meet or exceed content and performance standards established by the California Department of Education Curriculum, instruction, and assessment will be aligned with the locally adopted standards. All teachers will be given a particular curricular emphasis in reading, writing, and math instruction. "Safety nets" will be in place to ensure success for those students who experience difficulty in mastering the standards.

Every student can and will achieve proficiency in rigorous academic standards provided by a highly effective school and highly effective teachers;

Highly effective schools honor the work of the classroom teacher;

All teachers and students must have multiple opportunities to apply that practice learning in a variety of settings and strategies;

Diverse language and culture are strengths to be leveraged, not deficiencies to be remediated;

Professional development activities must be driven by the quest for intellectual growth; and

Professional development must be collegial and built upon sound principles of adult learning and sustained development over time.

Liberty Elementary School District

Visalia is located in California's San Joaquin Valley, a large and agriculturally rich basin that runs through the center of the state. Equidistant between San Francisco and Los Angeles, Visalia can be found just east of Highway 99 on Highway 198, the pathway to the Sequoia National Park.

Founded in 1852 and incorporated in 1874 Visalia serves as the county seat for Tulare County, the number one agricultural producing county in the nation. Visalia has experienced tremendous growth in the late twentieth century, from a population of 27,000 in 1970 to over 102,684 today. Occupying over 32.63 square miles, Visalia continues to grow - in population, diversity, and sophistication. Once a creek-side settlement, Visalia has become a thriving community that takes pride in the small town feel and high quality of life that accompanies our big city amenities.

Palo Verde Union Elementary School District

9637 Avenue 196

Tulare, CA 93274

(559) 688-0648

Web Site: <http://www.tcoe.org/Districts/PaloVerde.shtm>

1 Elementary School

K-8 Enrollment 531

Profile

Palo Verde Union Elementary is a rural, single-site school district encompassing approximately 20 square miles, located just southwest of the city of Tulare. Approximately 580 pre-school through eighth grade students are served. Our teachers and staff believe that education is a shared responsibility — shared by the school, the parents, and the students. By working together we can make our vision a reality, whereby all students perform at their maximum potential, and where differences of language, culture, economics, and abilities are celebrated, and become sources of strength for our students.

Our school community has worked hard to provide our students with the very best education possible. All of this hard work and dedication has paid off in substantial academic success. We began the year with some fantastic news when the results of the California Standards Test were publicized. Palo Verde exceeded its Adequately Yearly Progress (AYP) and its Academic Performance Index (API) goals. Board members, staff, parents and students are committed to continued improvement and work together to make Palo Verde a distinguished school.

Palo Verde School has consistently met or exceeded its API and AYP goals. Our Academic Performance Index (API) scores have steadily risen: from 532 in 1999 to 767 in 2007, an increase of 235 points in the past eight years and an average of 30 points per year. During that same period, our Statewide Ranking has risen from 3 to 6 and when compared to similar schools our ranking has increased from a 2 to 9. In 2004 we were among two schools in the state and 34 schools nationwide to receive the Title I Nationally Distinguished School Award. That same year we also received the California Academic Achievement Award.

Pixley Union Elementary School District

Drawer P

300 North School Street

Pixley, CA 93256

(559) 757-3131

Web Site: <http://www.pixley.k12.ca.us/>

1 Elementary School

K-8 Enrollment 887

Profile

Pixley Union Elementary School District is a single school district that served 947 students in grades K-8 during the 2005-06 school year. The School District also operated several Pre-K programs, served 60 students and parents in age group clusters of 0-2 and 3-5 years of age. Operating on a traditional school calendar, Pixley Elementary offers comprehensive academic programs to students in grades K through eighth. Due to facilities issues and low enrollment, the Pixley Community Day School was disbanded in January of 2006 and will re-open on the New Pixley Middle School site in the 2007-08 school year.

Focused on educational excellence, Pixley Elementary School depends on its parents and community to assist our students in mastering grade level standards, developing character traits of self-reliance, self-confidence, and respect (for self and others), and strengthening thinking skills. Suggestions and ideas are welcomed, as together; we can help students be better tooled with the necessary skills, talents, and knowledge to be successful in tomorrow's technological and global society. Improvement is an on-going process of collaboration that can ensure the success of every student.

Pixley, California (population 2,500) is a geographically isolated community located in Central California San Joaquin Valley, one of the world's richest agricultural areas.

Mission

“A Family Learning Center”

K-8 Enrollment 579

Profile

Pleasant View Elementary School District is located in the "Heart of the San Joaquin Valley" in Tulare County, just seven miles west of the city of Porterville. Pleasant View received its name from the sweeping view the school has of the foothills and the Sierra Nevada Mountains. The school was founded in 1875 and has served its community for over 125 years. Pleasant View School District continues to provide a quality educational experience for its students, now and for years to come.

Mission

Pleasant View School District is committed to helping each student succeed and become a contributing member to society by providing a learning curriculum based on the California State Standards. To accomplish this, a partnership among staff, students, parents, and the community is essential. Likewise, each student will be educated in an environment that is safe, drug free, and conducive to learning. Furthermore, the school will continue to improve student achievement for limited English students in order to become proficient in reading/language arts and mathematics.

Therefore, the mission of Pleasant View Elementary School District is to continue improving student achievement on the California Standards through the following:
Curriculum - Instruction - Assessments - Professional Development - Learning Environment

1 Elementary School
K-8 Enrollment 711

Profile

Richgrove School District, a one-school district, serves 750 students in grades K-8. The district is located in Richgrove, an unincorporated community located in the Southeastern part of Tulare County in the State of California. Richgrove is on the Kern County line approximately 10 miles from Delano and Highway 99 in the Central Valley of California. Neighboring communities are: Delano to the West, Porterville to the North, and Bakersfield to the South.

Richgrove is an agricultural community with a population flexibility of up to 3,200 persons. Table grapes, pistachios, oranges and almonds are among the major crops in this area. The employment sources available are light industry and seasonal agriculture.

Here at Richgrove School we promise to provide the student population with the most rigorous and data driven curriculum, at the optimal level for our students. The teaching staff here at Richgrove has trained to provide the best instruction for our students, and will have high expectations for the young minds that walk into our classrooms. They will work to the best of their abilities to prepare their students for a promising future in academics, with higher level educational preparation as their long term goal.

Visalia is located in California's San Joaquin Valley, a large and agriculturally rich basin that runs through the center of the state. Equidistant between San Francisco and Los Angeles, Visalia can be found just east of Highway 99 on Highway 198, the pathway to the Sequoia National Park.

Founded in 1852 and incorporated in 1874 Visalia serves as the county seat for Tulare County, the number one agricultural producing county in the nation. Visalia has experienced tremendous growth in the late twentieth century, from a population of 27,000 in 1970 to over 102,684 today. Occupying over 32.63 square miles, Visalia continues to grow - in population, diversity, and sophistication. Once a creek-side settlement, Visalia has become a thriving community that takes pride in the small town feel and high quality of life that accompanies our big city amenities

Profile

We believe that education is a process through which staff, students, families and the community work together to provide students with the knowledge, skills, attitudes and experiences they need to contribute to and participate in our society. Our mission is to produce students who are:

- Proficient in reading comprehension, communication, computation, reasoning and problem-solving
- Capable of problem-solving in a variety of real life situations
- Supportive of the role of the fine arts and humanities
- Committed to good health and physical fitness
- Positive about their self-worth
- Active participants in the democratic process
- Willing to assume responsibility for their actions
- Respectful of the rights and feelings of others
- Aware of the many cultures which contribute to and make up our world community

District Goals

1. Learning for all students
2. Safe, orderly, positive learning environments
3. Quality staff providing quality service
4. School/home/community partnerships and cooperation
5. Acquisition and allocation of resources to support Goals 1-4

Our 2020 Vision

~Every Student a Star~

Strathmore, CA 93267
(559) 568-1741

Web Site: <http://www.sunnysideunion.com/index.cfm>

1 Elementary School
K-18 Enrollment 409

Profile

Sunnyside School has an enrollment of approximately 425 students in grades Kindergarten through eighth. Our staff is dedicated to providing the very best educational experience possible for your child. They are committed to meeting the individual needs of each student enrolled here at Sunnyside School.

Our staff works hard to ensure your child a quality education. However, your help is needed too. Your involvement can include volunteering in the classroom, chaperoning field trips, becoming an active member of one of our school committees, making sure your child's homework is done, and making sure your child is here at school each day. Staying in close contact with your child's teacher will help insure a great year for your child. Contact the office, or the teacher, if you have time and energy to help. We are looking forward to working with you and will actively seek your input and support.

Sunnyside Union Elementary School is a rural single school (K-8) district. Sunnyside is located five miles north of Porterville and approximately 2 miles east of Strathmore in Tulare County. The school is surrounded by orange and olive groves.

Sunnyside School participates in the class size reduction program in kindergarten through the third grade. There is a very successful after-school pre-school program. Sunnyside Elementary School graduates approximately 50 students each year. Most of the graduates attend Strathmore Union High School, in the Porterville District.

Sunnyside is a rural, agricultural district. The community, which serves Sunnyside, is quite diverse culturally, economically, and educationally. This diversity is reflected in the school. The Federal Migrant Education Program has identified approximately 50 percent of our students as migrants. The language backgrounds of our students consist of English and Spanish. We continually try to increase community involvement.

Profile

Terra Bella Union School District shall provide a safe learning environment to promote an attitude of life long learning and prepare our students to be leaders and productive citizens of the 21st century. We will raise levels of expectations in order to build resiliency and readiness in the students that will allow them to excel at the next academic level.

Mission

Terra Bella Union School District is a safe place to learn, grow, and excel. We are committed to creating a safe and supportive environment in order to promote the acquisition of skills and knowledge for life long personal growth. To this end, we recognize that learning is a process that requires strong instructional leadership, quality instruction and active participation of the students and parents. While maintaining high expectations we recognize the needs of the individual and the effect that success has on the student self esteem.

(559) 561-4466

Web Site: <http://www.three-rivers.k12.ca.us/>

1 Elementary School
K-8 Enrollment 169

THREE RIVERS UNION SCHOOL

Profile

Three Rivers School is a single K-8 School District located in the foothills of the Sierra Nevada Mountains, east of Visalia, just before the entrance to Sequoia National Park. We currently have 166 students in grades K-8. We have a single classroom at each grade level. All classes are self-contained with enrichment activities for students in grades 6-8 on Thursday and Friday afternoon.

We offer many opportunities for our students to participate in extra curricular activities as well as activities which enrich the curriculum. Extra curricular activities would include intramural sports participation for students in grades 6-8, recreation sports for students in grades 1-5, various academic competitions such as Tulare County Spelling Bee, Tulare County Poetry & Prose, Cyber Quest Technology Competition, Tulare County Math Bowl, Tulare County Science Fair, and others. Enrichment to the regular curriculum include an art program for grades K-8 which is planned and delivered by local artists on a volunteer basis.

Students are exposed to many different kinds of art and have the opportunity to get to know the artists in the community. In addition, students in grades 1-3 have weekly music; students in grade 4 learn to play the recorder; students in grades 5-8 can participate in band. All grades participate in field trips and invite guest presenters with programs designed to enrich the curriculum as well.

Our parent population is wonderful. Parents are eager to volunteer in any capacity and quick to support the students, programs, and facilities at Three Rivers School. High academic achievement and community involvement go hand in hand at this small, but outstanding foothill school district.

Mission Statement

Three Rivers Union School, in an educational partnership with its community, is dedicated to fostering educational excellence and to pursuing the development of each student so they will experience their full potential and participate responsibly in society.

Tipton Elementary School District

P.O. Box 787
370 North Evans
Tipton, CA 93272
(559) 752-4213

Web Site: <http://www.tiptonschool.org/>

1 Elementary School
K-8 Enrollment 595

Profile

Tipton Elementary is a small rural school district in Tulare County, 10 miles south of the city of Tulare. It has one school serving 601 students in grades kindergarten through eight. Two blocks east of the freeway 99, it occupies a central place in the life of the community. It is a school that welcomes parents and the community; a school where caring adult eyes watch the children closely and know most of them---and their parents---by name. It is a farming/dairy centered area. Over 415 (69%) students are identified as English Learners, about 100 Migrant students and a 90% poverty socioeconomic index. The ethnic make up is 546 (90.8%) Hispanic, 50 (8.3%) White, 3 (0.4%) Black and 2 (0.3%) East Indian

The staff consists of 30 classroom teachers, a resource teacher, a resource specialist, superintendent, principal, state/federal projects director, business manager, about 15 instructional aides and about 15 other support staff. All teachers and instructional aides meet the NCLB highly qualified criteria.

Tipton's profile must be considered within the context of the larger community of Tulare County and the San Joaquin Valley. Tulare County lies in the southern portion of California's great San Joaquin Valley. It is the most productive agricultural county in the world's most productive agricultural region. The county is approximately the size of the state of Connecticut.

Tipton Elementary School District is a single school district in the central San Joaquin Valley of California. We serve a small agricultural community with approximately 600 K-8 students in 30 classrooms.

Mission Statement

The mission of Tipton Elementary School District is to provide each student equal access to a quality educational program in a safe and secure environment that prepares him/her to be a fully functioning member of society.

Profile

The Tulare City School District, located in Tulare, is situated in the heart of the San Joaquin Valley. Tulare is home to more than 51,000 residents who come from diverse backgrounds and ethnicities. The City of Tulare is anticipating continued growth for several years, which will result in an increase in the number of students the District will need to accommodate. This means that teaching opportunities are available to qualified candidates seeking employment in an economically stable, educationally progressive and growing school district. The Tulare City School District provides an extensive and comprehensive two-week summer Staff Development Program for new teachers. Attending the summer Staff Development Program allows new teachers to learn our curriculum, meet our personnel, and understand the philosophy that guides the efforts of the District. New teachers are also supported through the District's Beginning Teacher Support and Assessment Induction Program (BTSA). The Tulare City School District is committed to providing the very best in staff development opportunities for all teachers throughout the year.

Mission Statement:

It is the mission of the Tulare City School District to challenge students academically with the vigorous curriculum that prepares them for high school. Along with academic skills, it is important to teach students to become good decision makers and independent thinkers.

The Vision of the Tulare City School District is to provide:

- A safe and healthy learning environment for all students;
- An educational program that challenges students to achieve at their highest level;
- A positive image of our schools in the community;
- An environment conducive to positive staff morale.

Honors/Noted Programs:

- High Academic Standards
- Award Winning Fine Arts Department
- Technology Integration
- Strong Business Partnership
- Traditional School Calendar
- Strong Parent Involvement & Community Support
- Five California Distinguished Schools
- Fiscally Sound
- Safe, Well-Maintained Schools
- High Test Scores
- Fully Paid Insurance Benefits
- Competitive Salaries

Tulare County Office of Education

Jim Vidak, County Superintendent of Schools

Profile

The Tulare County Office of Education exists to serve, support, encourage, develop and consistently improve on hundreds of programs and services to benefit over 90,000 students in 46 school districts across Tulare County. While the services and programs offered by the Tulare County Office of Education are broad, the commitment to students, support and service remains constant throughout the organization.

Tulare County school districts range from single school districts, such as Hot Springs with 20 students, to the Visalia Unified School District with over 25,000 students. In California, only Kern and Los Angeles Counties serve more districts than Tulare County. Tulare County's school districts are dotted among acres of the nation's richest agricultural land, located in urban areas and nestled in the Sierras on the eastern side of the county. Of the County's districts, eighty-five percent are considered small districts with less than 2,500 students. Seventy percent of the districts have less than 1,000 students each.

The challenge of serving the needs of a culturally and geographically diverse population in large and small, urban and rural districts is great. To do so, the Office of Education is organized into four primary divisions: Business Services, Human Resources, Instructional Services and Special Services. Together these divisions have developed and implemented some of the finest programs and services in the state.

Under the creative and administrative direction of County Superintendent of Schools Jim Vidak, the Tulare County Office of Education provides staff development and training programs related to new curriculum and instructional procedures; supports new teachers through the Beginning Teacher Support and Assessment (BTSA) and Intern programs; provides a full array of services to support curriculum and instruction, including library, media, and technology services; provides programs of instruction to students with special needs, pregnant minors, high school drop-outs, and students assigned to court/community schools; provides programs to transition students from school to work; and provides a myriad of student programs and activities such as Tulare County Spelling Bee, College Night, Academic Decathlon, Math Superbowl, and Poetry and Prose, which allow students to use their skills, knowledge and abilities to create projects, problem solve and achieve State content standards.

Profile

The Tulare Joint Union High School District is located in the San Joaquin Valley of Central California. The district serves over 4800 students in grades 9 thru 12 and over 2000 adult education students.

Schools

The district is home to two comprehensive high schools, Union High School, founded in 1890, and Western High School, founded in 1959. Plans are currently underway for the district's third comprehensive high school scheduled to open for the 2008-2009 school year.

In addition to the comprehensive high schools, the district maintains many alternative schools to meet student's needs. Tech Prep High School supports over 150 students in programs designed to help a student get a career after high school. Valley High School and Countryside High School serve 100 who benefit from alternative classroom instruction. Sierra Vista High School is an independent study program that serves over 300 students unable to attend during traditional school hours.

The district also maintains a school farm that serves students from all schools. Adults can further their education at the Tulare Adult School. The Adult School offers courses in a wide variety of subjects including: high school diploma, GED, computer use, clerical and office work, medical careers, industrial technologies, and personal enrichment.

Profile

Nestled close to the majestic Sierra mountains in the heart of California's San Joaquin Valley, the Visalia Unified School District is committed to providing students young and old with the tools and skills necessary to succeed in life.

Established in 1885, VUSD is the oldest school district in Tulare County. Our services span 214 square miles with a population base of over 135,000. We govern 23 elementary schools, a newcomer language center, four middle schools, four comprehensive high schools, a continuation high school, an adult school, a charter alternative academy, a charter independent study school, a K-8 charter home school and a school that serves orthopedic handicapped students. Over 32,000 students pre-K to adult are served through the Visalia Unified School District.

Our outstanding workforce is comprised of over 2,000 certificated and classified staff. They make our district the *jewel* of the Central Valley.

District Motto

Our district motto is "**RAISING EXPECTATIONS**".

Location is one of Tulare's best assets. The city is situated in the Central San Joaquin Valley along Highway 99, 45 miles south of Fresno and 60 miles north of Bakersfield. Our mid-state location benefits businesses needing same-day access to key California markets as well as residents seeking recreational opportunities in the beautiful Sierra Nevada Mountains to the east and the spectacular California coastline to the west.

Tulare is a city with a strong agricultural vitality, seeking to diversify our industrial and retail base. We honor and celebrate our culturally diverse heritage, while providing democratic and cost effective services to all our citizens. Our goal is to serve, protect, and involve citizens in decisions to affect positively our quality of life.

1 Elementary School
K-8 Enrollment 610

Profile

Welcome to Woodville School! The staff and the Board of Trustees take pride in helping your children grow academically, socially and emotionally. We are committed to providing a variety of teaching approaches to assist each child to grow in his/her own unique way.

Woodville Union School District is a one school rural K-8 district with 610 students. The District is located approximately 8 miles west of Porterville. The majority of our students are Hispanic (98%) and most of our parents are farm laborers. Woodville School has met the AYP requirements for the past 3 years and has improved its API from 386 (2000) to 724 (2007). Our average class size K-8 is 17 students.

School Mission

The mission of Woodville Elementary School is to ensure that all students acquire the knowledge, skills, and attitudes essential to become productive members of society. Our community of learners will foster academic achievement, creativity, independence, and responsibility on their way to becoming positive citizens, as well as teaching each child based on his/her developmental level and learning style. The entire Woodville staff seeks to maintain high academic and social expectations for all our students. Students learn the core curriculum through an integrated instructional and application approach.
